Space Organizing

## March 2010

### Spring Cleaning at Simply Organized

Hopefully everyone has shoveled out, had their power restored and life is back to business as usual. Hard to believe that spring is just around the corner with 2 feet of snow on the ground and more on it's way. March 20th is the first day of spring and I cannot wait to have my windows open after being closed all winter. Spring cleaning is at the top of my list in March as well as getting ready to be outdoors in the nice weather. That being said, I had the pleasure to meet and chat recently with Ann LaGoy, founder of Sound Earth [www.soundearth.com](http://www.soundearth.com) Ann developed a product line of 100% natural, cruelty free cleaning products after personally experiencing a chemical reaction to chloromine gas. So this March...

- **Get Clean** - use products that are not harmful to yourself, your family or your home...check out Sound Earth.
- **Get Lean** - Simplify your life and clear the clutter.
- **Get Focused** - Set goals, set a timer and get started.

Need an expert on **clean, lean and focused**...call **Ellen, 845-453-4481** from **Simply Organized** to jump start and motivate you in achieving your goals. March 11th is "Organize Your Home Office Day

Happy St. Patrick's Day! Ellen

### Did you know...

March 11th is "Organize Your Home Office Day". This would be a great place to start your spring cleaning and simplifying! Time to edit out all of those papers you don't need. If you have an over abundance of confidential documents that need shredding and don't want to spend hours feeding papers 2 by 2 into the shredder? Please call **Judith at HV Shred 845-705-7279** or visit [www.hvshred](http://www.hvshred) for a quick and easy solution.
